

M65 & M65 SPORT

are two lightweights
with some real weight
to throw around!

Spirited. Agile. Carefree. That's how you describe an M-65's outgoing personality. A personality that's rapidly winning friends and influencing riders from coast to coast...thanks to a modern, 2-cycle engine, big brakes front and rear, and lots more. Like to put an M-65 through its paces? Just ask your Harley-Davidson dealer. That's all there is to it.

FOOTSHIFT—
Fast-action
footshift
on the
Sport model
puts you in
complete
command.
